WEDNESDAY MORNING, MAY 29, 1861.

THE EVENING NEWS.

Our evening edition was detained some fifteen minutes yesterday afternoon, owing to some derangement of machinery in our press room.

We are usually first to meet the public demand for news, and seldom fail to furnish the afternoon dispatches in advance of all contemporaries.

NOTICE.—All advertisements, except from yearly advertisers, must be paid for in advance. This rule is imperative from this date.

AS INQUIRY ANSWERED.—WHY THE DEMOCRAT IS STOPPED TO MAIL SUBSCRIBERS.

A number of letters have reached us within the last few days, complaining of the non-arrival of the Daily Democrat. It is very true it has not arrived to some, as usual, for it was not mailed. Those who make the complaint, are patrons who have been careless of their accounts, and who, after frequent solicitations in many instances, failing to remit, have been stricken from our books for non-payment.

The plain truth is, that no one hereafter will receive the Democrat one day longer than his subscription is paid for. We cannot depart from this rule. All accounts must be kept in advance, and payments can be made for one month or more at the rate of fifty cents per month, or at five dollars per year, always in advance.

We trust our friends see the propriety of this rule, which will be inflexible hereafter. Those whose accounts stand in arrears will oblige by promptly remitting the amount of the same.

If any errors have occurred, if names have in any instance been stricken from our books before the expiration of the term paid for, we will gladly correct the error when informed of the fact.

CITY COURT.—Tuesday Morning, May 28. Mary Lewis was before the Court upon the charge of stealing two horses and a slave man from J. N. Hodges, of Barren County. Mr. Hodges was in Court and stated that he thought the woman took the horses for the purpose of her way to her relations to elude the brutal treatment of a drunken husband. She was discharged. Deputy Marshal Henry C. Russell, whose sympathies are always with the needy, went round the court-room and asked small donations for the benefit of the woman, and in a few minutes raised money enough to pay her way to Crawfordsville, Ind., where her relatives reside. Barren Salts, assaulting George Hodges, was discharged.

DIAMOND CUT DIAMOND.—The Richmond Enquirer complains that it cannot collect debts due at the North. It says:

Since the Richmond Enquirer received from the North the thousands of dollars due it in that quarter of the world. Two counterfeits have, however, been sent in during the time named, as payment in full to the two individuals from whom they respectively came.

VIRGINIA ELECTION.—Nineteen counties in Northwestern Virginia give a majority of 16,500 against the Ordinance of Secession. It is supposed the counties in the South which have not yet repudiated in the Whig Convention, will increase the majority to thirty odd thousand. There is every reason to believe that in other parts of the State a large Union vote has been polled. So far as heard from, the Union men are satisfied by a large number of friends which he had made since his arrival in Virginia, as well as a host of friends which he left in his native State.

Lynchburg Republican, May 21.

Copy of a Letter

TO THE PRESIDENT OF THE NEW YORK LIFE INSURANCE COMPANY, NO. 112 AND 114 BROADWAY, NEW YORK CITY.

May 21, 1861.

MR. F. D. MANSFIELD, stock, commanding this morning (Wednesday), at 10 o'clock. Many very desirable goods will be sold, well worth the attention of buyers.

DRY GOODS REDUCED AGAIN.

I am now prepared to offer my customers

still greater bargains than ever. Having a very large stock of goods of every description on hand, that was bought in the East at the present panic prices, I am determined to sell them at prices never before known in this city, and at prices that will defray competition. The goods must be sold for cash in order to make room for my fall stock. I am also receiving daily fresh goods of every description that were bought at the East at a great sacrifice from houses that failed. I have, also, a very large quantity of fall spring bonnets that I am determined to sell 100 per cent below value.

Yours respectfully,

C. F. O'DONNELL, Proprietor.

251 Fourth Street, Louisville, Kentucky.

MILK COW FOR SALE.—Any person

wanting a good cow with calf, will do well to inquire at this office immediately.

Read the letter of the President of the New York Life Insurance Company to the agents here, Messrs. W. S. Vernon & Son.

CO. WEATHER IN EUROPE.—Accounts from Europe report that the weather since March has been extraordinary cold, with drought and sharp frosts, which have checked, and perhaps in many cases injured, the growth of grain. The condition of France it is stated that irreparable damage has been inflicted on the vines by frost.

EVENING BULLETIN.

REDFORD.—A new military sedan has been constructed for the conveyance of wounded soldiers from the battle field. It consists of stout canvas, connected to two end pieces of steel by ropes, with side loops, through which the muskets may be passed as a saddle. Its lightness, compactness, strength it must command itself to every army surgeon.

EDFORD.—I am sorry that the girls

are not in financial affairs so serious as you say, but pa says I must see you from my engagement with you; so hereafter will consider our proposed union for dissolved. I shall always be glad to have you call occasionally—as a friend."

ATTENTION, HOME GUARD!—The members of the Hamilton Guards, Second-ward Rangers, Council Guards, First-ward Home Guards, and Tenth-ward Infantry, will meet to-night at the tobacco warehouse, on Preston street, between Washington street and the creek. A full attendance is desired, as the Mayor will be present and swear them in.

NOTICE.—There will be a meeting of the Union Democratic party of the Ninth ward at B. F. Avery's Play Factory, corner of Main and Fifteenth streets, to select delegates to the Lagrange Convention, to nominate a candidate for Congress, on Thursday evening, the 30th, at 8 o'clock.

EIGHTH WARD, ATTENTION!—There will be a meeting of the Union Democratic party held on Thursday evening, May 30th, at 7 o'clock, at the Rescue engine-house, for the purpose of selecting delegates to the convention at Lagrange, on Monday, June 3d.

ATTENTION.—A new idea has been started in the South to raise money, which is in substance that the cotton planters shall sell one half their crop to the Confederate Government, and take bonds in payment, these bonds to be used as money, and made a legal tender in the payment of debts.

ROBERY.—The residence of Mr. Mathews, near the corner of Twelfth and Broadway, was broken into, on Monday night, by a thief or thieves, and property to the amount of nearly two hundred dollars stolen.

JOHN Hagan is the name of the man who had his skull fractured in a fight on Main street, on Monday night. He is at the Hospital, and in rather a critical condition.

USON PIX.—We were shown, last night, a Union pix, made by Mr. J. F. Cook, which is got up in very good style. Orders left at Hart & Mapother's will be promptly attended to.

THE CITIZENS of the Sixth ward will meet at the City Court room this evening to appoint delegates to the Congressional Convention at Lagrange.

THE Montgomery Mail, of the 22d, says bread, from new wheat flour, this morning graced our breakfast table.

DISBAND.—Company B, Home Guard, met last night and agreed to disband. The Company disbanded.

THE Athlone (1-10-1) says that he has declined \$1.50 on the barrel within the past three weeks in St. Louis.

Over 3,000 bombsells were trans ported from Mobile to Pensacola last week.

The Louisville Theater has closed for the season.

REDUCTION AND SUICIDE.—We learn from the Citizen that on last Wednesday, previous to the mailboat leaving this city, a gentleman and lady went aboard, and the former engaged a state room to Cincinnati, on her return, while the female, a dark, good-looking and of lady-like appearance, while her male companion bore the outward semblance of a gentleman. The boat arrived at Cincinnati early the next morning, and it seems that the female, a young woman, had no companion, and the passengers, one after the other, left the boat, until no one remained but the young woman, who, in the meantime, made frequent and anxious inquiries for her late companion. Time wore on, but he came not, so the young woman, on her return trip of the boat to Louisville, the solitary female became an object of curiosity.

At length she too disappeared, and, as she was last seen lingering upon the outer guard of the ladies' cabin, it was fearfully suggested that she was herself overboard, and it was even said that a splash and a death struggle had been heard in the water. The sequel to the sad tale, so far as the unfortunate woman is concerned, was developed on Monday. Her body was found floating, and, as the passenger upon the Louisville packet, an inquest was held, and a verdict rendered that she came to her death as above recorded.

AN AMAZON.—Mary W. Davis, six feet two inches high, is First Lieutenant of the 12th Tennessee Cavalry. She is a well-looking and active girl, and recognized as the passenger upon the Louisville packet.

An inquest was held, and a verdict rendered that she came to her death as above recorded.

PROBLEMS.—Mary W. Davis, six feet two inches high, is First Lieutenant of the 12th Tennessee Cavalry. She is a well-looking and active girl, and recognized as the passenger upon the Louisville packet.

## TELEGRAPHIC

NEW YORK, May 28.—The Government has satisfactory information that the Commissioners of the Confederate States in Europe have met in England with a decided and emphatic refusal to recognize their pretensions. Lord John Russell, with whom the Commissioners have expressed themselves on other points, makes no comment in regard to this matter.

The same intelligence comes from the French Government. The Emperor and the French have decided the information to be true, and have been communicating with a diplomatic mission in Washington, and the news is well accredited, and is a matter of discussion in diplomatic circles.

Governor General has been appointed Commissioner.

The New York dispatch says advice is just received from Manassas Gap which state that the rebels have been throwing up extensive entrenchments at that point for several weeks past.

The New York's dispatch states that it is generally believed that the Federal troops have been moved on Grafton and Harper's Ferry.

El Thayer has been appointed Patent Examiner.

BALTIMORE, May 28.—The United States Court house and the adjacent streets were densely crowded to day to learn the proceedings in the treasonable case of Mr. Merriman who is tried at Fort Monroe.

A writ of attachment was served to day against General Cadwallader for contempt of court.

The Marshal reported that on going there he was refused admittance to the fort.

Chief Justice Taney read a statement showing that the rebels had been in military array, illegal, and said in an oral statement, "he should put his opinion in writing and file it, during the week, in the clerk's office of the circuit court, and also forward it to the President, and call on him to perform his constitutional duty, and set that the laws be faithfully executed and enforce the decrees of this court."

NEW YORK, May 28.—The Commercial Advertiser's special says the Seventy-first New York Regiment left the Navy Yard this morning on armed steamers to take possession of Acron's creek.

Colonel Seward addressed the New York Seventh Regiment, informing them that their term of enlistment had expired, and they were at liberty to return home, if they desired, but the Secretary of War would be glad to have them remain. T. E. B. Brown, the sent to Fayetteville on a boat, have since died. Captain Lee, we are gratified to learn, escaped with but little injury. The large mortality was the result of inhaling steam, iron which each day was used. It was reported that the clerks were killed. They were asleep in their bunks, and the explosion filled the cabin with steam, which they inhaled. The remains of Byron Quin were buried at Vicksburg.

NEW YORK, May 28.—A gentleman arrived from Norfolk, coming through Richmond and Fredericksburg. General Butler has not commenced operations yet, but an attack was looked for daily. He could not ascertain the number of troops at Norfolk, but estimated them at 20,000, with daily arrivals from the south. He does not appear to feel that Norfolk could be taken. Twenty-eight ears filled with soldiers passed Petersburg Saturday. He thinks there are 15,000 troops at Richmond.

An attack was expected from River Park, which is regarded as impregnable, and well supplied, it is said, with heavy artillery. He was informed that there were 10,000 troops on the hills around Fredericksburg, strengthened by numerous batteries.

Manassas Gap was reinforced Sunday night by troops from North Carolina, South Carolina and Tennessee.

WASHINGTON, May 28.—The report that General Seward had an interview with Lord Russell and Thoreau, and had been told that they could not be recognized, is incorrect. The latest news from Europe only brought news that they had not been recognized in London, and that the British Government had not yet received any communication from the French.

Colonel Schellings' regiment of volunteers left for Bird's Point, on Government steamer City of Louisiana, at four o'clock this evening.

The Yankees brought in more prizes to-day.

ST. LOUIS, May 28.—It is untrue that General Harvey, as reported this morning, had formed the Union Guards in several of the principal cities in this state.

Colonel Schellings' regiment of volunteers left for Bird's Point, on Government steamer City of Louisiana, at four o'clock this evening.
